

# **COPPULL PARISH COUNCIL**

## **CORONAVIRUS OUTBREAK**

Meetings which were scheduled to be held in April have been cancelled. These included the Parish Council Meeting and the Annual Parish Meeting (Otherwise known as a Residents' Meeting).

The Annual General Meeting is due in May, but information in regard to this will be put on the website nearer the time, when further guidance is received from government.

The Parish Council office remains open at the present time for the Clerk only, who is responding to telephone calls and emails, not face to face enquiries, and helping with the response from residents who are housebound and require help with shopping, collecting prescriptions, etc. A list of those helping is included on the website.

The full-time Parish Lengthsman is also still working, as he is keeping the streets clean and the bins emptied (waste workers are classed as key workers).

If this changes in the future, a further notice will be placed on the website.

The Parish Council ask that everyone observes the government guidelines – Stay At Home and Stay Safe.
